

REAL ESTATE LAW AND ABSTRACT SERVICES

We facilitate a seamless transaction.

Sometimes, things like regulatory approvals, zoning and land use concerns, permitting issues, environmental issues, and more can complicate or delay the sale and transfer of a property. We work with our clients to ensure that real estate transactions happen as simply, seamlessly, and swiftly as possible.

We draft and review contracts for buying, selling or leasing a property. We help resolve situations involving complications, such as zoning or land use issues. We provide a full range of abstract services, researching a property's history and title and advising of any potential legal issues that may arise. We represent you at closing, to ensure everything goes smoothly, and we help resolve any disputes that may arise during the entire process (or beyond).

In short, we provide assistance and guidance throughout the process to safeguard your interests and ensure a smooth transaction.

Let us put our experience to work for you.
